Plane Origami

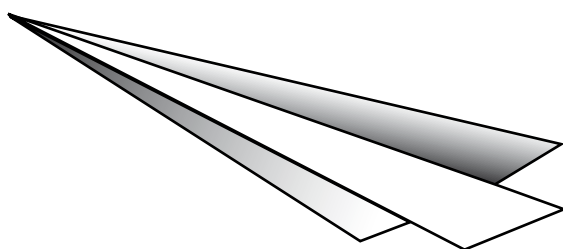

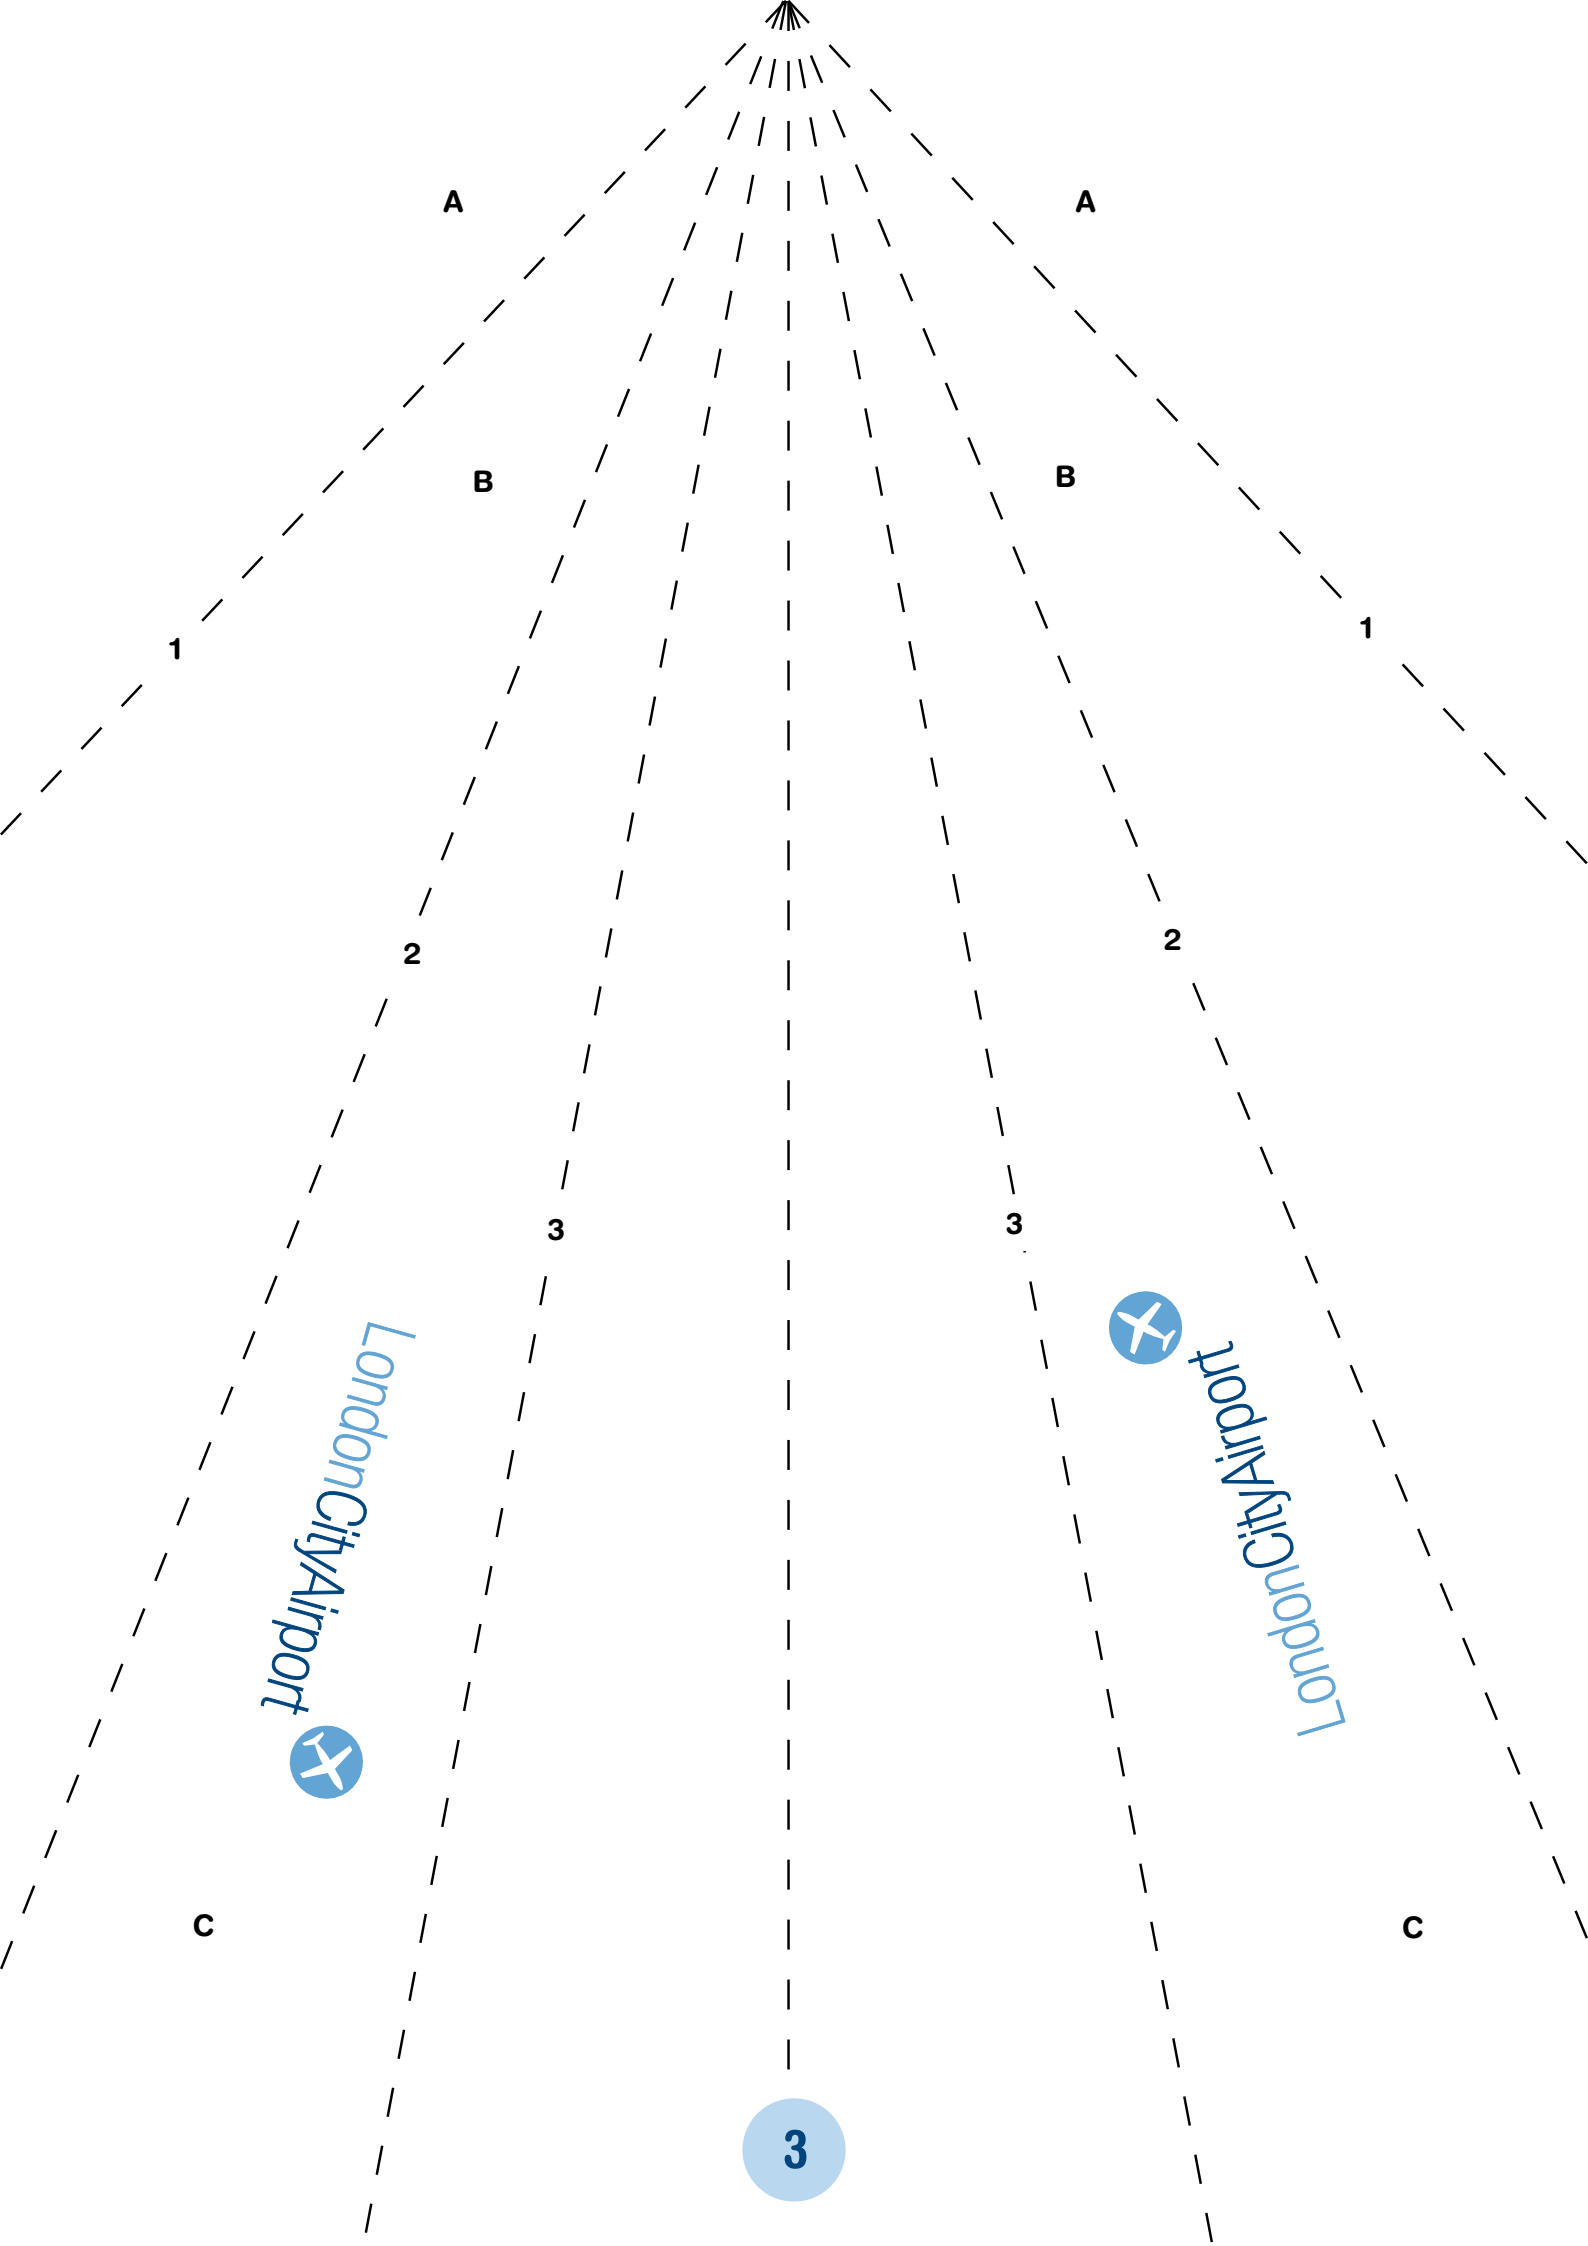

Make your plane (page 3)

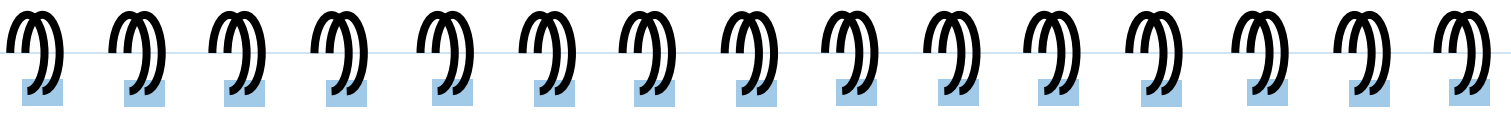

How to make your own origami plane:

1. Place your paper, printed side up, on to a flat surface.
2. Fold the paper in half along the middle line.
3. Fold section A along line 1, and repeat on the other side so that the printed side is on the outside.
4. Fold section B along line 2 and also repeat on the other side
5. And finally fold section C along line 3 and repeat on the other side so that the London City Airport logo is on the outside.

Well done! You have just made an Origami Plane. Give it a test flight and maybe it will come straight to the airport!

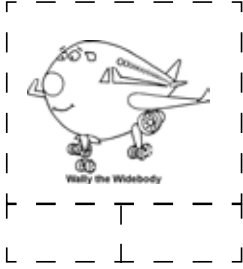

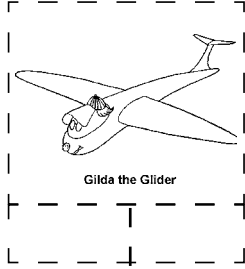

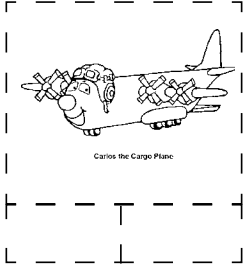

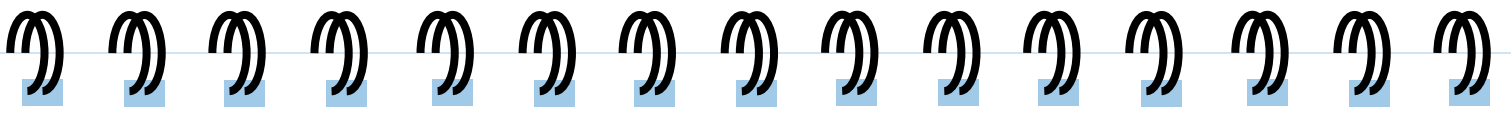

Board Game
