| Edition Sixteen | July 2010 |

Welcome

Elizabeth Hegarty
Community Relations
Manager

Welcome to the latest summer edition of London City Airport's (LCA) community newsletter, the third of 2010.

This issue is packed with airport updates including from the Consultative Committee.

Whilst the volcanic ash cloud brought chaos and disruption to the UK,

we have been busy, as always, with many exciting community activities involving airport employees and our neighbours. In July employees and local residents participated in the Airport's Fun Day held at a new location, Thames Barrier Park, raising money for LCA's chosen charity of 15 years, Richard House Children's Hospice - see page 3 for more.

We hope you enjoy this edition and find the information provided useful. If you have any questions or comments on anything related to the Airport or this newsletter, please contact me on 020 7646 0042 or elizabeth@lcy.co.uk.

Airport Update

LCA Hosts UK Airports Consultative Committees

In June, delegates from across the UK met at LCA for the annual liaison meeting of airport consultative committees (UKACCs), hosted this year by LCA.

The meeting discussed a full agenda on a range of current issues in the aviation industry including the need for slots at Heathrow Airport for regional services, surface access to airports including the plans for a high speed rail network, services at airports for disabled people, noise action plans, the latest developments in airport security and the planned changes in the economic regulation of airports.

LCA's chief executive, Richard Gooding, briefed delegates on LCA and was followed by presentations from representatives of the Department for Transport, the Civil Aviation Authority, the Air Transport Users Council and Passenger Focus.

Later, after dinner at Forman's restaurant, the delegates were addressed by Jim Fitzpatrick MP the Labour MP for Poplar and Limehouse (the constituency adjoining LCA), a former Minister for Aviation.

LCY Welcomes UKACC's

Bonjour! CITYJET

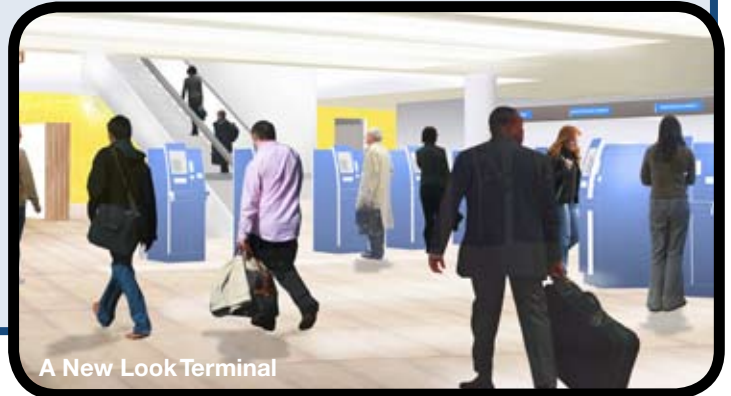

CityJet, a beacon airline at LCA, announced the launch of a new summer route to Deauville— the gateway to Normandy and one of UK's best-loved French holiday destinations. Starting in June, CityJet now operate four flights a week to Deauville from its hub at LCA becoming the first airline to offer direct flights from the UK to this popular leisure destination. Services will operate until 27 September 2010.

Prices from £59
one way, including all taxes.

New Look Terminal Starts to Take Shape

In the last edition of Runway News we reported on the reconfiguration works well underway in the terminal concourse at LCA. The Airport is investing £7 million in enhancements to further increase the size of the security search area following changes in UK airport security procedures. The works commenced in spring with phase one scheduled to be completed by the end of July. This first phase sees the fitting of 26 piles with 70 tons of steel columns and beams spanning across the concourse all in preparation for the installation of the second floor. The renovation works take place during the Airport's nightly and weekend closure times to ensure there is no

disruption to passengers. The terminal expansion is scheduled to be completed by the beginning of 2011 and will provide a faster and more convenient service to travellers.

A New Look Terminal

British Airways Spanish routes here for Summer!

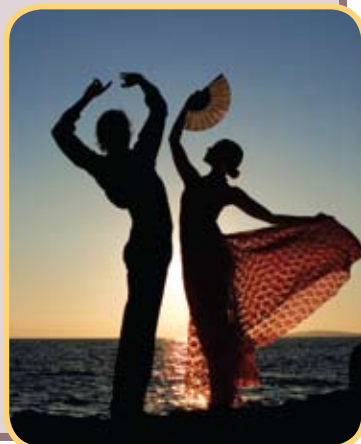

There's more good news for passengers

BRITISH AIRWAYS

wishing to jet away from LCA on the new British Airways flights to the Balearic Islands this autumn. The airline has announced that it is to extend its new flights to Mallorca and Ibiza until the end of October.

Originally the summer-only flights, which launched in May, were due to end in September, but due to their popularity British Airways has decided to extend the season for a further five weeks. The Friday and Sunday flights to Mallorca and Ibiza, on brand new Embraer 190 aircraft, will continue until October 31, enabling a long weekend or longer breaks. The extension also means flights will operate until the end of the school half term holidays.

Both routes are also included in the British Airways premium leisure sale at either www.londoncityairport.com or www.ba.com.

Britannia Village Primary French Experience

Lucky pupils from Britannia Village Primary School recently got the chance to visit Lille, France as part of an innovative approach to their modern foreign languages curriculum.

The project, sponsored by London City Airport, was based around 'Voices in the Park', a text by author Anthony Browne and involved the children learning vocabulary associated with parks in their local surroundings, character behaviours, clothes and the weather in addition to developing French conversation.

The Airport was also on hand to support teachers' language skills, with a group of staff visiting the Airport for a bi-lingual tour prior to the actual trip.

Judicial Review

As you may be aware, the London Borough of Newham granted planning permission to LCA on 9 July 2009 to increase flight movements to 120,000 per year subject to extensive planning conditions (which were summarised in the November 2009 edition). This decision is now subject to a judicial review, which means that the London Borough of Newham will be involved in a hearing which considers the grounds of the challenge. At the time of writing the April edition no date had been set for the judicial review however this has been recently announced as 18 and 19 November 2010.

Community Update

LCA Fun Day

LCA transformed Thames Barrier Park in Silvertown into a fun filled family festival with over 20,000 visitors attending the park during the Airport's annual Fun Day. This year's Fun Day was designed specifically for children and hosted a range of thrilling attractions.

Fun Day, hosted by the Airport raises money for Richard House Children's Hospice. Everything raised on the day is donated to the Hospice.

Please make a note in your diary for next year's Fun Day which will take place on Saturday 2 July 2011.

Opening Parade

LCA Upgrade School Library

Staff and pupils at Scott Wilkie Primary School in Custom House are enjoying a new computer and books for the school's recently developed library courtesy of LCA and on-site partner, WHSmith. The computer, specifically designed for schools, was purchased by the Airport and sits in pride of place in the student's library area. The computer will be used for a child-managed book loan system, allowing pupils to borrow books from the library for personal use as well as encouraging the use of ICT at the school. WHSmith also kindly donated new books for the library.

Out with the Old - in with the New!

New Name Unveiled for Local Community Centre

London City Airport celebrated the re-launch of St John's Community Centre, North Woolwich under its new name, the Royal Docks Learning & Activity Centre (RDLAC).

A supporter of the Centre since 1998, LCY provides sponsorship, employee volunteers and donations to enable local people to engage in the many employment, education, sports and leisure activities RDLAC delivers. Through sponsorship of the design of the new Centre brand, stationery and letterhead, plus a 'Gardening Team Challenge' employee volunteering day, LCA has assisted RDLAC in preparing for its re-launch. LCA has ongoing engagement with RDLAC through its Community Relations Manager, Elizabeth Hegarty, who has been a Trustee of the Centre since 2006.

Naming Ceremony

Regatta at the Docks

The Poplar Rowing Regatta and its 1400 participants came to the Royal Docks to host its annual one day event with sponsorship from LCA in June. The Regatta has been running at the docks since 1984 and is becoming one of the most popular events in Rowing Clubs' diaries across the country. The event is run by Poplar, Blackwall and District Rowing Club based in Ferry Street, Isle of Dogs, which was formed in 1845 and is believed to be the third oldest rowing club in Great Britain. LCA has supported the Club since 2007 and the event sponsorship is part of the Airport's health and wellbeing for work programme.

London City Airport Consultative Committee

LCAs' Consultative Committee Meeting held at the Airport once per quarter took place this month on 13 July 2010. The meeting includes an Airport Director's Report on developments at LCA, including changes to the route network, the number of flights and passenger numbers.

There is also a standing item on environmental issues including environmental complaints and other requirements of the s.106 Agreement. Attended by appointed community representatives, airport users and local Councillors, the Committee is a Forum to discuss the operation of the Airport and its impact on passengers and local residents.

The following items were discussed at the meeting on 13 July 2010:

- Passengers with Reduced Mobility
- Employment Statistics 2009
- Take off into Work Employment Programme
- Planning Agreement
- Community Report
- Red Bull Air Race
- Western End Gas Valve Relocation

For further information about the Consultative Committee and to view minutes or contact your representative please visit www.lcacc.org or alternatively email Stuart Innes secretary@lcacc.org.
